“Serving Pinellas County Veterinarians for 60 Years”

PRESIDENT'S MESSAGE

Dear Pinellas Colleagues,

It is truly an honor to serve this group of incredible professionals as President for the next two years. In more than 20 years of practice in Pinellas County I have come to know many of you well and have always sought to be of assistance and support others in the veterinary community when the opportunity arose. I am honored to represent all of you and work with the other board members and PAF to continue providing a resource of education, support, and collaboration with our members. To me, PCVMA has always been a place to connect, learn, network, and touch base with your friends and fellow veterinary professionals.

While we will continue providing those resources, it will be exciting to continue growing our group and opportunities to outreach to the community as the representatives for veterinary medicine in Pinellas County. If you have any needs for support, ideas for improving our community, see a specific educational need, or a desire to help support our professional colleagues, please reach out to me. I encourage you to become a member of the PCVMA/PAF board and see all of the good we accomplish and be a part of that effort.

Thank you again for your support, and the honor of being your representative.

SPC SCHOOL OF VETERINARY TECHNOLOGY

St. Petersburg College's Veterinary Technology Program had a successful fall semester with over 20 new graduates. As the spring semester starts, we are welcoming 70 new students in the campus and distance programs.

We remain deeply grateful to the veterinary community for their continued support of our students through clinical site placements. These partnerships are critical to the hands-on learning and professional development that define our program. We recently renewed our internship program with the Florida Aquarium to give students additional opportunities.

As we begin the spring semester, we look forward to continuing our strong partnerships with Pinellas County Animal Services, SPCA Tampa Bay, Humane Society of Pinellas, Animal Luvs Dream Rescue. They support our mission and continue work at the Veterinary Technology training center now housed within the Medical Services building on Ulmerton Road. Horses for Handicapped in Seminole, Bar 4 Ranch, DK Farms, Side Pass Farms, and Dancing Goat Dairy continue to support our large animal needs. These collaborations are essential to the success of our program, and we are truly grateful for their ongoing support.

2026 PCVMA DUES

Dear Colleagues,

2025, was an excellent year for the PCVMA membership. Your dues make available The Florida Laws and Rules and Pharmacy Dispensing, eight CE sponsored dinners at Bascom's Chop House, the PCVMA Baseball Game Outing, monthly newsletters and classifieds. In addition, the PCVMA keeps everyone up to date on CE, political/legislative issues and business/financial issues and keeps your attendance records on file for auditing. We also held the second CE meeting for CVTs and Technicians this year.

Dues also help support the Foundation by sponsoring the Pet Loss Support Program for grieving clients with phone counseling and monthly group sessions, provides scholarships for veterinary technician students at SPC and the Edna Klauser Pet Professor Program in the kindergarten and elementary schools. The Bowser and Catsino Ball 2025, had 300 in attendance including veterinarians, hospitals, staff, families and industry partners. \$5,000.00 was donated to ten SPC students for scholarships bringing our total to \$65,000.00.

We have over 175 paid members this year and providing the best member benefits available. Our average attendance at Bascom's Chop House is between 50-60 veterinarians monthly.

Dues are \$160.00 per year per veterinarian. Checks can be mailed to our Treasurer with the enclosed addressed envelope. Credit cards can be processed by calling the PCVMA/PAF office 727-397-7387(leave message) or call 727-410-7856(cell).

PINELLAS COUNTY ANIMAL SERVICES

New Year, New Animal Welfare Standards in 2026

The upcoming legislative session beginning on January 13 is busy again with new animal welfare legislation on the table. New laws regarding increased consumer protections for the sale of dogs & cats (SB 1004), the veterinarian's role in reporting suspected animal cruelty or neglect (SB 0468) and strengthening criminal penalties for persons committing animal cruelty in the presence of children (HB 0559) have been filed. In addition, the new statewide animal abuse database through the Florida Department of Law Enforcement (FDLE) goes into effect on January 1, 2026. This database is an integral part of Dexter's Law passed July 1, 2025, which enhanced the penalties for aggravated animal cruelty. Anyone can access this database on the FDLE website, but it will be a particularly useful tool for animal shelters to screen potential adopters and officers to use for investigative purposes.

Finally, the Board of County Commissioners also passed important revisions to our local animal ordinance governed under Chapter 14 of the Pinellas County Code. Here are the key changes:

- **Definitions (14-26)** unintentionally removed during the last revision in 2022, were reinstated, including the removal of voice commands from "physical control" of an animal. This means all pets must be leashed.
- The **Public Nuisance (14-30)** reporting process has been streamlined to allow residents to report a nuisance behavior, such as excessive barking, "pet littering," or those repeatedly at large using one affidavit in conjunction with video or photo documentation. Previously, a resident was required to submit two affidavits from two separate households.
- **Disaster Impoundment (14-48)** policies have been modernized based on many proactive strategies Pinellas County has implemented to include pets in disaster plans. The hold time for animals impounded during a local state of emergency has been standardized to 14 days for all animals and the 120-day adopter return clause has been removed.
- **Retail Pet Sales, Kennels, Hobby Breeders (14-29)** was strengthened to address animal welfare concerns and complaints. Unannounced inspections were increased, upgrades to housing, such as covering wire grate flooring, and additional transparency measures with the submission of monthly transport lists as well as OCVI's posted on every puppy kennel were added. Animal Welfare penalties were also addressed to include an increase in the citation amount for animal cruelty and neglect violations along with a 7-day pet dealer permit suspension pending an investigation and store owner compliance.

This is only a summary, so please do not hesitate to reach out if you would like to learn more. Wishing everyone a healthy, prosperous New Year!

TECHNICIAN RELIEF SERVICES

Senanur Aras, DVM

Seeking position as a veterinary technician.

I completed my veterinary education at Atatürk University in Turkey between 2018 and 2023. I also worked as a volunteer for one year.

After winning the Green Card lottery, my husband and I moved to the United States in March and settled in Palm Harbor in April. I plan to enroll in a U.S. veterinary licensure program, and while preparing for that process, I am currently seeking a position as a veterinary technician.

I have permanent residency, work authorization, and a Florida driver's license.

My full resume is available upon request.

Thank you for your interest.

RELIEF TECHNICIAN SERVICES

I am an Independent Relief Technician (CVT) that is licensed, bonded, and insured. I have over 28 years of experience with small animal, avian, and exotics. My main goal and purpose is to help clinics fill the gaps in staffing until they can find a permanent team member, or just allow clinics the ability to give their existing, deserving staff time off. Or to use that vacation time /PTO that expires at end of year (use it or lose it) or for the daily call outs that happen 3 minutes before clinic opens.

Please call, text, or e-mail me any questions you have , or to book any shift. I am also available for meet and greets 😊
