“Serving Pinellas County Veterinarians for 60 Years”

PINELLAS COUNTY ANIMAL SERVICE S

Building a Safety Net for Pet Families

Pinellas County Animal Services' role in the community has evolved dramatically over the years. Once termed, "The Pound" and "The Dog Catcher" has now transformed into a pet resource center with one simple goal-- to keep pets with their families.

Let's face it, shelters are not the ideal environment for most dogs and cats. It's loud, bright, and full of new smells which is stressful and overwhelming for pets. As a result, some behaviors leading to negative outcomes, such as barrier aggression or kennel deterioration, only occur because of the shelter environment.

This realization led our industry to develop robust "safety nets" to offer families who are considering surrendering their pets due to a myriad of circumstances. A safety net is basically a list of resources to address the most common issues for surrendering pets. Can't afford to spay or neuter your pet? We have a voucher for income qualified residents and ten veterinary clinics in the county who are ready to accept it. Can't afford pet food? We have free pet food right by our lobby doors. Your dog is destroying your house? Here's a crate to try or we can connect you with affordable dog training options. These are just a few of the resources you will find in our safety net, but there will always be obstacles we can't fix, such as the availability of affordable, pet-friendly housing and overcoming breed discrimination.

What are you hearing at your practices from pet owners? Please reach out to me with your questions, concerns, and suggestions. Together we can proactively build a stronger safety net to better support our pet families in Pinellas County.

TECHNICIAN RELIEF SERVICES

Senanur Aras, DVM

Seeking position as a veterinary technician.

I completed my veterinary education at Atatürk University in Turkey between 2018 and 2023. I also worked as a volunteer for one year.

After winning the Green Card lottery, my husband and I moved to the United States in March and settled in Palm Harbor in April. I plan to enroll in a U.S. veterinary licensure program, and while preparing for that process, I am currently seeking a position as a veterinary technician.

I have permanent residency, work authorization, and a Florida driver's license.

My full resume is available upon request.

Thank you for your interest.

RELIEF TECHNICIAN SERVICES

I am an Independent Relief Technician (CVT) that is licensed, bonded, and insured. I have over 28 years of experience with small animal, avian, and exotics. My main goal and purpose is to help clinics fill the gaps in staffing until they can find a permanent team member, or just allow clinics the ability to give their existing, deserving staff time off. Or to use that vacation time /PTO that expires at end of year (use it or lose it) or for the daily call outs that happen 3 minutes before clinic opens.

Please call, text, or e-mail me any questions you have , or to book any shift. I am also available for meet and greets ☺
