“Serving Pinellas County Veterinarians over 60 Years”

PRESIDENT'S MESSAGE

Dear Colleagues,

I understand as professionals we are not supposed to play favorites when it comes to patients, but I suspect we all do. There are amazing pets and clients that we light up for because of our connection with them, they make a day better and us happier when we see them. It may be from your impact in their life when you provided life-saving care, their breed or species reminding you of a previous beloved pet, or simply their perpetually happy or grumpy personality appealing to you. One type of dog that has always been special to me personally is because of their role, service dogs. Whether it is signal alert, seizure monitoring, vision-impaired assistance animals, search and rescue or the myriad of other jobs they fill, it never ceases to amaze how versatile and incredible these pets can be with proper training, and the need they fill. The difference they make in people's lives makes their medical care of even greater importance when I see them because that care has a ripple effect on everyone their training supports.

Among the many things celebrated this month, it is National Service Dog Month. I feel honored each time I get to make a difference in their lives, because of the selfless service they provide to others, and how they enjoy performing those duties, serving as a powerful example to me. Similar to them, I hope to empower others to live their best lives both professionally and personally. Although we may not be able to sniff out cancer cells, find lost individuals in avalanches, or sense an imminent seizure, we can all bring unconditional love in a greeting, comfort in a time of difficult emotions, confidence to someone nervous about attempting something new.

I hope you find the patience and time to help support those around you, like these incredible creatures. In the words of another animal lover, "You can be rich in spirit, kindness, love and all those things that you can't put a dollar sign on." – Dolly Parton.

Sincerely,
Kevin Kelley, DVM - PCVMA President 2026-2027

ST PETERSBURG COLLEGE VETERINARY TECHNOLOGY PROGRAM

The St. Petersburg College (SPC) Veterinary Technology Program has officially begun the fall semester. In July, we celebrated the graduation of **20 students** and welcomed **70 new students** into the program this August. Our enrollment continues to grow, with **more than 500 students currently enrolled across our Associate in Science (AS) and Bachelor of Applied Science (BAS) programs**. This continued interest reflects the veterinary community's growing recognition of the critical role that educated and credentialed veterinary technicians play in providing high-quality veterinary care.

As our enrollment increases, so does our need for clinical sites and animal resources to provide students with meaningful, hands-on educational experiences. We are incredibly grateful to the many clinical partners who support our students throughout their educational journey. SPC now works with approximately **500 clinical sites nationwide**, and that number continues to grow each semester. We could not provide these opportunities without the commitment and support of our clinical partners, and we sincerely appreciate all that you do for our students and program.

We have also welcomed several new animal-resource partners. While we recently lost the SPCA as a partner, we are pleased to have established new partnerships with **Fluff Animal Rescue, Ladybug Rescue, and Raprager Farms**. We are also grateful for the continued support of **Pinellas County Animal Services, DK Farms, Bar 4 Cattle Company, Dancing Goat Dairy, Horses for the Handicapped, Side Pass Farms, and AnimalLuvrs Dream Rescue**.

As our program continues to grow, we welcome conversations with additional organizations interested in supporting veterinary technician education. In particular, we are seeking additional opportunities to provide cats for students to safely develop and practice essential veterinary nursing skills.

Thank you to all of our clinical, community, and animal-resource partners for investing in the next generation of veterinary technicians. Your support is an essential part of our students' success.

PINELLAS COUNTY ANIMAL SERVICES

When Disaster Strikes: Preparing Pets and Supporting Animal Response Efforts

As we enter the peak of hurricane season, now is a great time to remind pet families of the importance of planning ahead and preparing an emergency kit for their pets. When Hurricane Milton threatened Pinellas County in 2024, we cared for more than 1,400 pets in three pet-friendly shelters—a stark contrast to the 97 pets sheltered during Hurricane Helene earlier that same year.

Many families arrived without a crate large enough to safely and comfortably house their cat or dog. We also saw an increase in exotic pets. While we never turn away a family pet, owners should be prepared to bring an appropriate enclosure and enough food and supplies for their animals, as shelters primarily stock items for cats and dogs.

Although no pet-friendly shelters were activated in 2025, it remains important for families to stay vigilant and have a plan in place before a storm threatens our area.

Veterinarians are also critical partners in disaster response and recovery efforts. We encourage veterinary professionals to consider joining the Florida Veterinary Corps, a statewide volunteer program that supports animal welfare and public health during emergencies.

What should I bring to the shelter for my pets?

1. Enough **food** for 2 weeks. A sudden food change could cause stomach upset.
2. A **crate** large enough for a dog to comfortably stand up & turn around or large enough to contain a cat and a litter box, plus food bowls.
3. Any **medications** your pet needs.
4. **Vaccine records** showing a current Rabies vaccine for cats and dogs. Distemper (cats & dogs) & Bordetella (dogs only) vaccines are also strongly recommended.
5. **Comfort Items**, such as a favorite blanket or toy.

Special Needs

Pinellas County Animal Services will house cats and dogs for individuals with Special Needs. If you are transported to a Special Needs Shelter, our officers will safely transport your pets to Animal Services: 12450 Ulmerton Rd in Largo and you will be reunited with your pet once it is safe to return home.

2026 PCVMA DUES

Dear Colleagues,

2025, was an excellent year for the PCVMA membership. Your dues make available The Florida Laws and Rules and Pharmacy Dispensing, eight CE sponsored dinners at Bascom's Chop House, the PCVMA Baseball Game Outing, monthly newsletters and classifieds. In addition, the PCVMA keeps everyone up to date on CE, political/legislative issues and business/financial issues and keeps your attendance records on file for auditing. We also held the second CE meeting for CVTs and Technicians this year.

Dues also help support the Foundation by sponsoring the Pet Loss Support Program for grieving clients with phone counseling and monthly group sessions, provides scholarships for veterinary technician students at SPC and the Edna Klauser Pet Professor Program in the kindergarten and elementary schools. The Bowser and Catsino Ball 2025, had 300 in attendance including veterinarians, hospitals, staff, families and industry partners. \$5,000.00 was donated to ten SPC students for scholarships bringing our total to \$65,000.00.

We have over 175 paid members this year and providing the best member benefits available. Our average attendance at Bascom's Chop House is between 50-60 veterinarians monthly.

Dues are \$160.00 per year per veterinarian. Checks can be mailed to our Treasurer with the enclosed addressed envelope. Credit cards can be processed by calling the PCVMA/PAF office 727-397-7387(leave message) or call 727-410-7856(cell).

TECHNICIAN RELIEF SERVICES

Senanur Aras, DVM

Seeking position as a veterinary technician.

I completed my veterinary education at Atatürk University in Turkey between 2018 and 2023. I also worked as a volunteer for one year.

After winning the Green Card lottery, my husband and I moved to the United States in March and settled in Palm Harbor in April. I plan to enroll in a U.S. veterinary licensure program, and while preparing for that process, I am currently seeking a position as a veterinary technician.

I have permanent residency, work authorization, and a Florida driver's license.

My full resume is available upon request.

Thank you for your interest.

TECHNICIAN RELIEF SERVICE

RELIEF TECHNICIAN SERVICES

I am an Independent Relief Technician (CVT) that is licensed, bonded, and insured. I have over 28 years of experience with small animal, avian, and exotics. My main goal and purpose is to help clinics fill the gaps in staffing until they can find a permanent team member, or just allow clinics the ability to give their existing, deserving staff time off. Or to use that vacation time /PTO that expires at end of year (use it or lose it) or for the daily call outs that happen 3 minutes before clinic opens.

Please call, text, or e-mail me any questions you have , or to book any shift. I am also available for meet and greets 😊
